

COMPANY PROFILE

**"Coming together is a beginning, staying together is progress, and working together is success."
— Henry Ford**

ABOUT US

Welcome to PSI Testing & Certification, a dynamic company at the forefront of innovation.

Founded by Vietnam's pioneers in lithium battery testing, PSI has risen to become the leading laboratory in this field and is continuously expanding to new frontiers.

At PSI, we specialize in testing and certification consulting service, serving clients from all over the world. We explore new frontiers by harnessing our fundamental competencies, establishing trust, and cultivating enduring collaborations with our clientele and associates. We aspire to become a market leader in commercial testing and certification service through becoming the laboratory of choice by customers based on our competitiveness, reliability, expertise, and trust from our customers.

As we move forward, we remain steadfast in our commitment to integrity, technical excellence, and continuous improvement. With the trust of our clients and the dedication of our team, PSI is poised to lead the way in delivering testing and certification solutions that not only meet today's standards but help shape the benchmarks of tomorrow.

We sincerely thank you for your continued trust, and partnership and we wish you lasting growth and success!

CEO
Dr. Le Ngoc Thuc

“

Our Vision

To become the leader in Electrical - Electronic testing field in Vietnam, we strive to go beyond our clients' expectations and become our customers' trusted partner based on our core principles:

TRUST - COMMITMENT - EXCELLENCE

”

Our Values

PSI stands for Pound-per-Square-Inch, symbolizing the collective power of individuals towards a shared objective, which is the highlight of our spirit of collaboration and teamwork.

Do the right things

Work with dedication

Never stop learning and innovating

Always support and grow together

HISTORY & ROADMAP

2025

Build PSI
Headquarters
New labs for QCVN
134 (SAR), QCVN
06 (Tachography)
and QCVN 135 (IP
Camera)

2026 - 2028

Expand testing labs
Become Certification Body

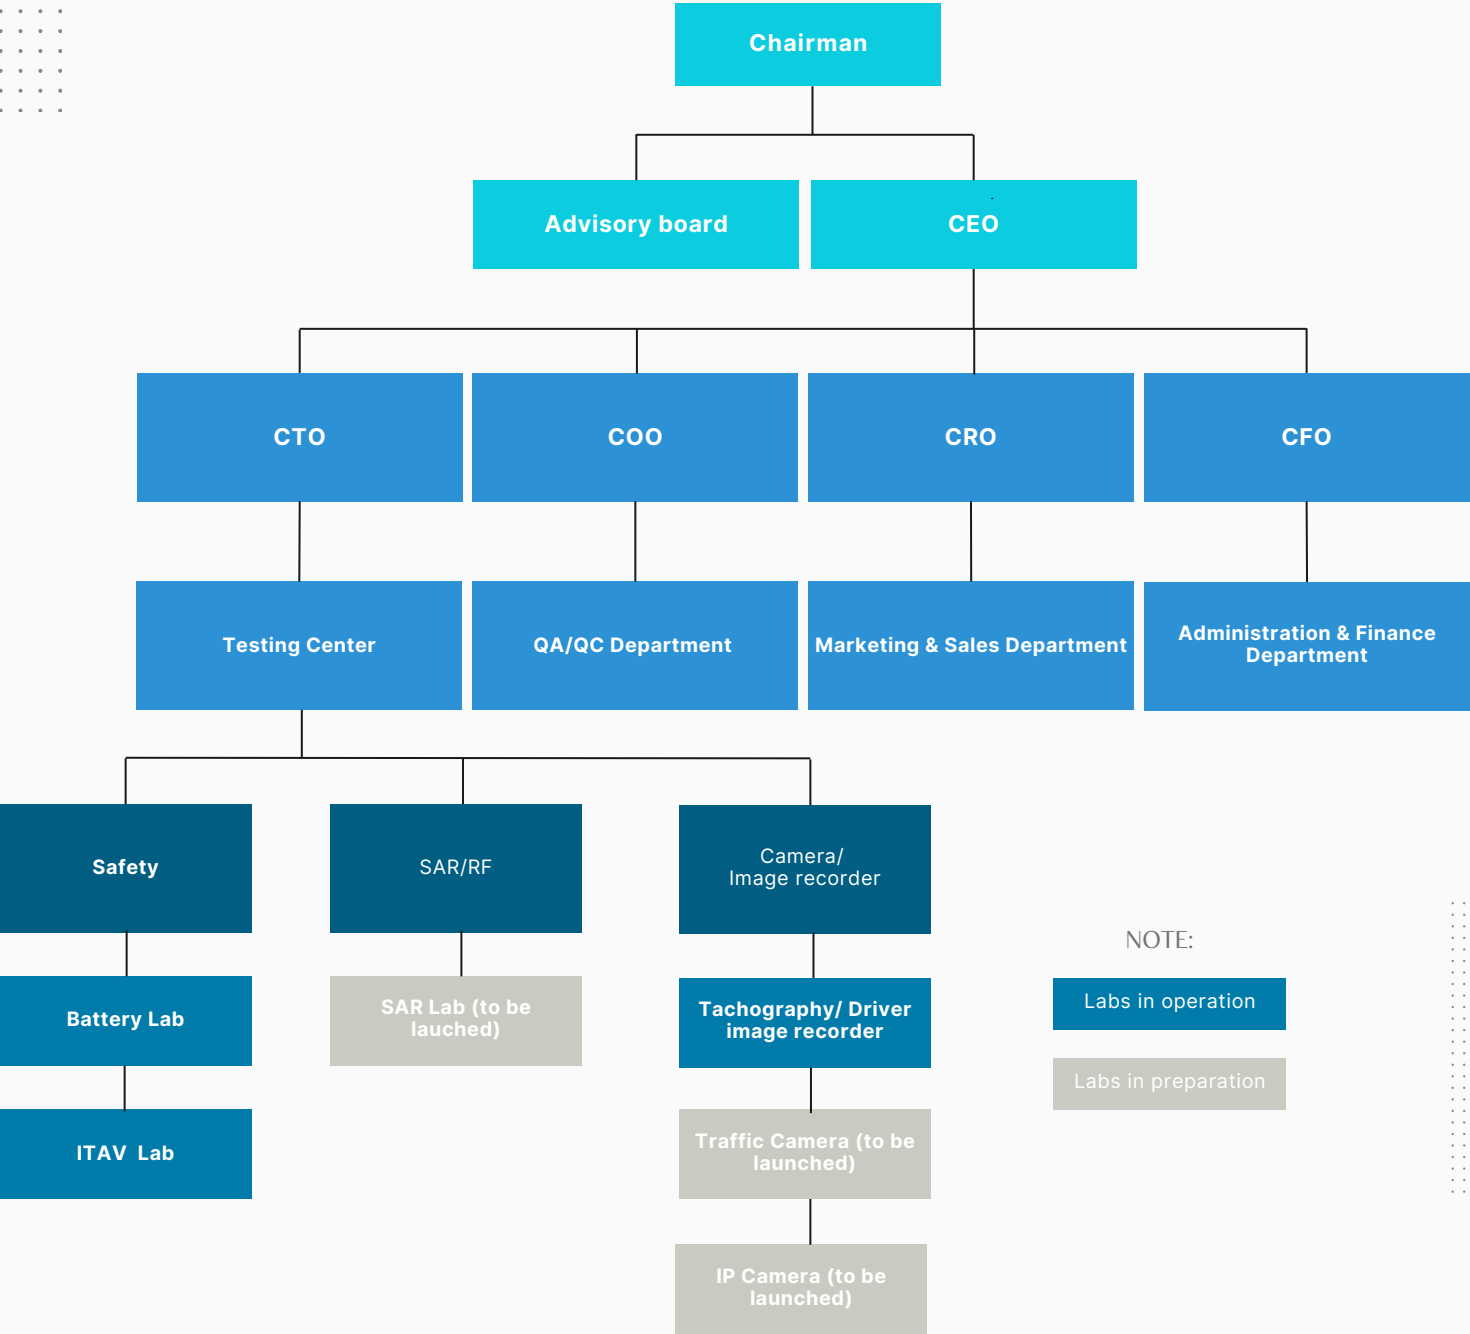

2024

Got designated for ITAV
testing (QCVN 132) by MIC

2023

Got designated for
lithium battery testing
(QCVN 101) by MIC

ORGANIZATIONAL STRUCTURE

WHY PSI?

Market Leader

We are well-established as Vietnam's market leader in lithium battery testing. Building on this strong foundation, we continuously expand into new fields, leveraging our expertise and leadership to quickly establish a leading position in these new areas.

Regulatory Knowledge

Our close monitoring and understanding of evolving regulations and standards help our clients navigate compliance requirements effectively.

Strong Customer Relationship

Our commitment to excellent customer support fosters long-term partnerships, encouraging repeat business and referrals.

Continuous Learning & Innovation

We regularly update testing methodologies and technologies to stay ahead of industry trends, signifying our commitment to service quality and innovation.

ACCREDITATION & DESIGNATION

DESIGNATION

PSI has been designated by Ministry of Information and Telecommunication (Now Ministry of Science and Technology) for testing under QCVN 101:2020/BTTTT (Battery) and QCVN 132:2022/BTTTT (ITAV)

ACCREDITATION

PSI has been accredited to conform with the requirements of ISO/IEC 17025:2017 in Electrical - Electronic Testing, by Vietnam Institute of Accreditation (VACI), a member of ILAC/APAC MRA

LITHIUM BATTERY

PSI's Electronic- Electric Testing Laboratory is a leading lab built by an expert team comprising of the pioneers in lithium battery testing in Vietnam. Our Lithium Battery lab can conduct all tests of lithium battery for handheld devices, EV battery and industrial application devices under IEC 62133-2:2017, IEC 61960-3:2017, IEC 62660, IEC 62619, IEC 62620, IEC 62281, UN38.3

Applicable Product Scope

Handheld Device

PSI lab provides testing service for lithium batteries of handheld devices including, but not limited to cellphones, tablets, and laptops.

Transportation Safety

PSI lab provides testing service for all lithium batteries that require Safety report for transportation purpose.

EV Battery

PSI provides testing and certification consulting service for EV Battery.

Industrial Application

PSI lab can perform and provides test report for lithium batteries used in industrial application equipment.

Test Standards

DESIGNATED TESTING AREAS

- QCVN 101:2020/BTTTT
- IEC 61960-3:2017
- IEC 62133-2:2017
- IEC 62133-2:2017+AMD 1:2021

SERVICEABLE TESTING AREAS

- IEC 61960-3:2017
- IEC 62619; IEC 62620
- TCVN 11919-2:2017
- TCVN 12240 / IEC 62281
- TCVN 12241 / IEC 62660
- QCVN 76:2019/BGTVT
- QCVN 91:2019/BGTVT
- UN38.3 / UL 1642 / UL 2054

ITAV DEVICES

PSI's ITAV lab is established to perform test under QCVN 132:2022/BTTTT (IEC 62368-1:2018) for electrical safety of telecommunication and information terminal equipment within the field of audio, video, information and communication technology, and business and office machines.

Applicable Product Scope

Desktop, Laptop & Tablet

Desktop (desktop PC), Laptop PC, Tablet PC, Notebook PC

TV Receiver & Network Amplifier

Cable TV Network Amplifier, DVB-TV Receiver

Set-top-box

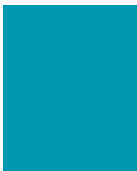

IPTV Set-top-box, Digital cable TV Set-top-box

Phones (DECT & Cordless)

DECT Phone, Cordless phones (excluding DECT phones)

Test Standards

DESIGNATED TESTING AREA

- QCVN 132:2022/BTTTT
- IEC 62368-1:2018

OUR MAJOR CLIENTS

PSI have been trusted by hundreds of clients around the world.
